

Summerfield HOA #5
Landscaping Report
February-March 2023

Gutters:

Rain or Shine has cleaned all our gutters. Please check your clean outs for debris on a regular basis.

Clean-up:

Rain or Shine has been working (except for snow) on our winter final finish clean up which includes trimming, weeding, and raking. Both front and back sides of Lakeside are finished and they are currently working on 94th. Many hedges have been cut back to promote healthy regrowth. This is a slow process, please continue to be patient.

New plantings:

As stated in our By-Laws, all new plantings in HOA maintained areas must be pre-approved by the Landscaping VP.

Weeds:

Rain and Shine has started spraying for pre-emergent weeds.
